The “No Zombie Texting” educational video contest is a program to create a youth oriented safety video on the dangers of texting and driving. Wednesday night, after the Ride/Walk of Silence, in remembrance of cyclists and pedestrians who have been injured or killed sharing the road, the Governors Bicycle and Pedestrian Advisory Board and Muscle Powered hosted the awards ceremony where the top three public service announcements were announced. In the Brewery Arts Center’s Black Box Theater, a substantial assembly of spectators gathered to view the video awards.
